

September 27 from 10am to 3pm at Museum Pointe Park on South Hutchinson Island in Fort Pierce

The FREE family-friendly community festival is a celebration of science and aims to show that science is not only meaningful and relevant, but also fun! Exhibitors will have hands-on activities and demonstrations exploring different areas of science, such as agriculture, health science, entomology, ecology, marine science and more!

Highlights of the event include:

- Explosive chemistry stage shows by **Miracle of Science** at 10:00am and 2:00pm
- Special appearance by **Treasure Coast Wildlife Center**, featuring live animals, at 12:00pm
- Free admission to the **St. Lucie County Aquarium** and **St. Lucie Regional History Center**
- Live musical performances by **The Sweet Chariots** throughout the day
- Food trucks from area vendors
- **Free parking** at event site and **free shuttle from Downtown Fort Pierce**
