

**William Tyler, Ph.D.**  
Professor of Biology  
Indian River State College  
3209 Virginia Avenue  
Fort Pierce, FL 34981  
**phone:** 772-462-6260  
**email:** [wtyler@irsc.edu](mailto:wtyler@irsc.edu)

**COSEE Role:**

Primary Investigator

**Primary COSEE Affiliation:**

Florida

**Background with Respect to Ocean Sciences Education:**

Dr. Tyler, prior to academic life, was the Science Director at Seacamp Association in Big Pine Key, FL. In addition to his current academic responsibilities, he leads an NSF-funded Dolphin Science Investigation High School program, using biotechnology methodology to solve a faux environmental problem of dolphin die-off in Indian River Lagoon. He also has coordinated summer workshops for science and math teachers from Treasure Coast Middle and High Schools.
